A CUSTOMISED ONE ON ONE TRAINING COURSE

For Education with a Change

GMRAF International Best Educator for the Year 2019

Our mentor team head, Mr. Jayachandran, is a National Career Service (Government of India) Counsellor with research experience in Aerospace Technology from MIT and publication in Poland. He previously served as a Knowledge Base expert in Mainframe Systems at Infosys. During his studies, he was associated with Dr. A.P.J. Abdul Kalam.

UPSC Mentor Team Led by Jayachandran N

Driven by his passion for public service and educational guidance, Mr. Jayachandran left IIT to pursue UPSC coaching. He has over 14 years of experience in UPSC, other competitive exams, career guidance, and motivation. His publications include Indian Art & Culture Illustrated for UPSC and Indian Economy, along with numerous articles on environmental and other UPSC-related topics.

He was a tutor for the All India Civil Service Coaching program under the Government of Tamil Nadu and as a competitive exam advisor for several universities and colleges. As a leading UPSC strategist and expert voice, he guides aspirants with proven strategies for success. In 2019, he received the GMRAF International Award for Education (under his former institution, IIKE). The award was presented by Shri Logi Dasan, Deputy Director, Ministry of Tourism, Consulate General of Malaysia.

Dr. Jayachandran's
INSTITUTE FOR CIVIL SERVICE EXAMS
SOUTH INDIA'S PREMIER INSTITUTION FOR PUBLIC POLICY AND CIVIL SERVICE EXAMS

South India's premier Institution for Public policy and Civil service Exams

Dr. Jayachandran Institute for Civil service Exams (JC's IAS) is South India's premier institution for Public policy and Civil service exam preparation. It is Chennai's first educational forum led by IITians and qualified young professionals, offering innovative strategies and hands-on expertise in education, pedagogy, career modeling, and strategic planning.

JC's IAS is the only institution to employ IIT alumni with Master's degrees, PhDs, and JRF qualifications as regular faculty members, handling all subjects from the start to the end of the program. Additionally, the team is supported by book authors, college lecturers, psychologists, and NGOs.

With over a decade of experience in education and training, JC's IAS has consistently delivered outstanding results. It is the only institution to have signed MoUs (under its former name, IIKE) with leading universities, such as Dr. MGR University and St. Peter's University, for competitive exam training.

What is
ARJUNA

Integrated IAS Mentorship Program?

The **ARJUNA** Program, mentored by Jayachandran, is a pioneering UPSC Civil Services training initiative in South India, offered by Dr. Jayachandran's Institute for Civil Service Exams (JC's IAS).

This program brings together UPSC experts, serving officials, and professors to train students under the guidance of a mentor team led by Jayachandran. Unlike the conventional book-based UPSC preparation, which has become outdated and less effective yet remains prevalent, the Arjuna Program adopts a target-oriented approach. It emphasizes comprehensive syllabus coverage, strategic prelims preparation, and a case-study-based mains approach to ensure candidates are well-equipped for success.

The key focus areas of the program are:
Mentorship:

In the ARJUNA program, teaching is regarded as an honor and privilege, far beyond a mere profession. All teachers in the Arjuna program demonstrate exceptional devotion and dedication to their craft. Dedication here signifies a passion for teaching and a commitment to students' success, meaning teachers are always willing to provide guidance and invest time in their students. Unlike conventional teaching environments where students must constantly prove themselves, in Arjuna, the onus is on the faculty to deliver results by wholeheartedly understanding each student's knowledge level and learning needs.

The program is led by Jayachandran and a team with UPSC interview experience, ensuring regular interaction with serving officials throughout the course to achieve optimal learning outcomes and the highest success rates.

Individually Tailored:

The program offers one-on-one mentorship, customizing study plans to address each aspirant's strengths and weaknesses in specific subjects. This approach enables candidates to focus on their strongest subjects during prelims, minimizing negative marking by avoiding weaker areas. Similarly, in the mains, their efforts are strategically directed to maximize scores.

As an analogy, "a plant, gently guided to follow a small streak of sunlight, can grow into a mighty tree with careful nurturing."

Integrated:

The program features module-based integration of syllabi for major competitive exams, including UPSC, TNPSC, SSC, RBI, Banking, and Defence, ensuring a holistic preparation approach.

COMPONENTS

Classes -
Prelims + Mains
General Studies,
CSAT, Mains Essay,
Ethics and Aptitide,
Mains Optionals - Geography

An Integrated Preparation for

Union Public Service Commission IAS / IPS / IFS..	Tamil Nadu Public Service Commission TNPSC Grp 1 / 2 / 4 / VAO	Staff Selection Commission NIA/ CBDT/ CBI..	Reserve Bank of India Grade B Officer	Indian Armed Services Officers	Institute for Banking Personal Selection IBPS PO / Clerk

Small Batch Size for Discussion and Doubt Resolution

In the Arjuna program, batch sizes are deliberately kept small to foster interactive discussions and ensure an engaging classroom experience. All doubts are addressed promptly during the class itself, promoting a conducive learning environment.

Focus on Application of Knowledge

Our educators possess the necessary expertise and pedagogical skills, including technological proficiency, to deliver effective teaching and assess learning outcomes. Through impactful teaching methods, they empower students to deeply engage with the subject matter, explore new ideas, and question fundamentals. The emphasis is on understanding interconnections between themes and developing the ability to connect concepts effectively.

Discussion-Based Classes and Handwritten Notes

In the mentorship program, students receive photocopies of concise handwritten notes and study materials prepared by faculty. This approach saves time, allowing classes to focus on discussions, debates, and knowledge transfer rather than note-taking.

Flexible Timings

The mentorship batch offers flexible online classes, accommodating the schedules of working professionals. Additionally, video backups of classes are provided, ensuring seamless access to content.

Systematic Approach to Syllabus Completion

The UPSC syllabus is indicative, and its true scope is best understood by analyzing previous years' questions. At the start of each thematic module, students receive a detailed class plan outlining the module's scope and objectives. Two themes are taught concurrently, with a new theme introduced only upon completion of an ongoing one. By the end of the course, all modules in the Integrated Program are covered comprehensively.

100%
Money back Guarantee

If a candidate attends at least 85% of the classes and achieves a high score in the Arjuna test series but still fails to secure a posting at Group ²A level or above.

SYLLABUS

The Arjuna program holistically prepares aspirants for various competitive exams by integrating the most challenging components of each exam into its syllabus. The program covers:

UPSC Prelims: GS Paper ,
UPSC Mains: GS Papers I, II, III, IV & Essay
UPSC Current Affairs
TNPSC General English / Tamil
SSC Aptitude & Mathematics
RBI Finance & Economy
Interview Guidance: Personalized support for candidates shortlisted for the personality test.

Starting from the basics, the course comprehensively covers the entire UPSC Prelims and Mains syllabus in an integrated manner, ensuring thorough preparation across all subjects and exam formats.

MODULE BASED TEACHING

All themes of the Prelims and Mains syllabus are organized into integrated modules. At any given time, classes will be conducted for two modules concurrently, with a new module starting only after the completion of an ongoing one. Classes follow a monthly schedule, with additional sessions scheduled as needed to ensure the course stays on track.
